FINDING A SELECT HEALTH NETWORK PROVIDER IS SIMPLE
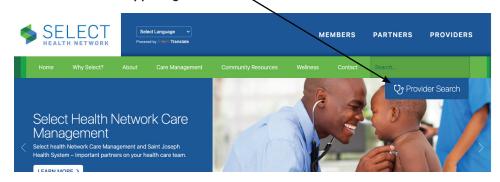

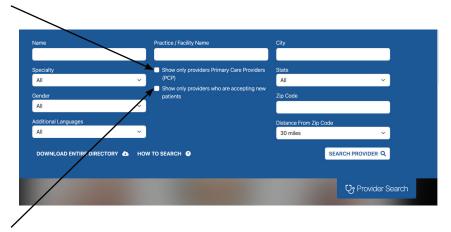

1. Visit our website www.selecthealthnetwork.com

2. Click on Provider Search in the upper right corner.

3. If you are searching for a primary care provider, click on the box next to "Show only providers able to serve as Primary Care Physician (PCP)".

4. If you are looking for a provider that is accepting new patients, click on the box next to "Show only providers who are accepting new patients".

5. Complete the search fields and click on the SEARCH PROVIDER box at the bottom of the page. You do not need to complete every field in this step. Completing too many fields may narrow your search too much.
